So glad to have them on my team!

Link-age Solutions has been an excellent partner, assisting our company in navigating the dynamic foodservice industry with forecasting inflationary trends, providing analysis of commodities as well as mediating supplier contracts. I rely on the Link-age team to provide current industry information.....and they deliver.

- Their support has been seamless, delivering results that no administrator could overlook.
- In an industry facing increasing uncertainty, Link-Age has proven to be a true partner, helping us bring our dietary expenses within budget for the first time since the pandemic.
- Within a single meeting and a few months of implementing their recommendations, we achieved a 24% reduction in our dietary PPD spend for the year.

The Link-age team has been great to work with. They raise the bar in the senior living realm. Their team truly cares and take it personally to make sure they can help their members. We aren't just another number. They want to go in and help, and they're able to.
